Subject: Nafion Byproduct 2 Briefing

Good morning,

In the interest of transparency and no surprises, I have attached a summary of a briefing I received this morning from Neil Chernoff, Donna Hill, Johnsie Lang (NHEERL) and Mark Strynar (NERL) regarding Nafion Byproduct 2 (NBP2)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

NERL has been collaborating on that study and Emily Smith is coordinating communication with EPA.

The briefing attached provides results on some initial toxicity testing done with NBP2.

I will be on travel starting in 10 min, but will have my phone with me. Also, John Rogers will be acting for me, was at the briefing, and can field any questions.
